AUTUMN VALLEY FIELDSTONE

HARBOR HILLS CUT LEDGE

ECHO CANYON COBBLESTONE

Our extensive styles and color palettes offer unlimited design flexibility and versatility to complement traditional or contemporary architecture in both residential and commercial settings.

perforMAX Building Materials premium architectural stone veneer products are designed to create the look, texture and feel of natural stone. Handmade with true craftsmanship, perforMAX STONE is remarkably authentic and consistent in appearance and color. It is lightweight, installer friendly and can be applied over any structurally sound surface without the aid of additional support. Its affordable price makes it an ideal solution for maintenance free exterior and interior applications. The classic beauty and durability of perforMAX STONE will last for years to come.

Introducing Our Latest Innovation

Dakota Mountain Stream Stone

Dakota Mountain Stream Stone is perfectly suited for a relaxing lake front cabin or an inviting mountain lodge.

Naturally rounded and water-worn, Mountain Stream Stone features medium to large scale stones in a wide array of shapes and sizes. The striking Dakota color palette is a natural blend of cool and warm earthen tones.

To view all products in our extensive stone collection please contact us today.
